

ELECTRONIC DICE – MK109

Electronic dice with LED indication. Slowly rolls to a stop when the push button is released.

Specifications

- power supply: 9V battery (not incl.)
- dimensions: 42 x 60mm / 1.7 x 2.4"

Extras

- **Hints**
 - If the normally dimmed LEDs are still lighting up, you can still replace ZD1, zener diode of 2V7, by a zener diode of 3V6 (500mW).
