

Neon lamp BA 9s (MBC/MCC), 220 V AC**1.90.560.002/0000**

Ratings and operating life specifications generally refer to the lower rated voltage value.
 Operating life specifications of lamps refer to AC operation. With DC operation, these are reduced by about 40%.

**Electrical characteristics**

Rated voltage	220 AC V
Rated current	0.0015 - 0.0018 A

Other specifications

Diameter max.	10 mm
Length	24 mm
Medium operating life AC	1500 h
Socket	BA 9 s
ROHS compliant	yes
REACH compliant	yes
