

SE 5736F :: 36-pin Centronic socket, solder version

Product picture : Illustration similar

General

Type	Centronic socket
Pole number	36
Mounting form	With steel housing
Temperature range	-55 ... +105

Specials

Specification	Standard
---------------	----------

Interfaces

Connection	Solder version
------------	----------------

Measures

Content spacing	2.16 mm
Length	67.70 mm
Width	15.25 mm
Height	12.25 mm

Electrical values

Load limit	5 A
------------	-----

Implementation

Protection class	UL 94 V-0
------------------	-----------
