

SMD Tweezers

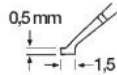

Angled Head

Main application:
for handling chips or miniature SMD components.
For mounting on SMD boards or Ceramic substrates.

Model	Length	Weight	Description
102ACA	115 mm	15 g	Special stainless steel, anti-glare finish, non-magnetic SMD tweezers with angled head and blunt edges to avoid board damage. For handling small components, mounting on SMD boards, hybrids ICs, watch hands, etc.

103ACA	115 mm	15 g	45°, special stainless steel, anti-glare finish, non-magnetic SMD tweezers with angled head and blunt edges to avoid board damage. For handling of small components.
